

NO WAY TO GO BUT LOVE

Words by Tom Attea

Hmm, baby, ever since I saw you
I've known it and you have, too.
Our hearts are takin' flight
'Cause everything feels just right.

We've got no way to go but love.
No way to go
But all the way to love --
Up, up, up above,
From the world we know,
All the way to a lifetime of love!

Hmm, babe, I don't have a single doubt
That love's what we're all about.
We've got a destiny,
Something just for you and me.

We've got no way to go but love, etc.

Don't you just feel it?
Who could conceal it?
There's just no where
We're goin' but up there,
Where lovers leave behind
A world that's cold to find
A lifetime of happiness
And, honey, nothin' less.

Hmm, babe, I've got it in my heart,
A feelin' we'll never part.
And know you've got it, too.
So our dream is comin' true.

We've got no way to go but love, etc.

FINAL REPEAT

All the way, baby, to a lifetime of love.
