

TOUCH LIKE A KISS

Words by Tom Attea

Since the moment I met you
I hardly know what to do,
'Cause when you just touch my hand
I'm off to another land.

Hmm, baby, it excites me so much
Just to feel your lovin' touch.
Never felt something like this.
You got a touch like a kiss.

And, oh, when you put your arms
Around me I hear alarms
Goin' off inside of me,
'Cause I'm lost in ecstasy.

Hmm, baby, it excites me so much
Just to feel your lovin' touch.
Never felt something like this.
You got a touch like a kiss.

Oh, yeh, just one touch from you
And I completely forget
The different ways I felt
With the other men I've met.
Never even had a kiss
Before that could give me such
A thrill as the one I get
When I feel your slightest touch.

And I can't even begin
To tell you what happens when
You give me that touch divine

And press your sweet lips to mine.

Hmm, baby, it excites me so much
Just to feel your lovin' touch.
Never felt something like this.
You got a touch like a kiss.
