

YOUR LOVE GAVE ME PEACE INSIDE

Lyric by Tom Attea

I was running here and there,  
Because I didn't know where  
My life was meant to be,  
Till you loved and focused me.

Your love gave me peace inside.  
It acted like my guide  
And calmed the swirl in me.  
I finally knew  
I had a destiny.  
It's my life with you,  
My life with you!

Till we met, I felt like leaves  
That whirl in fall when wind heaves  
Them coldly off the stem  
And then spins and scatters them.

Your love gave me peace inside.  
It acted like my guide  
And calmed the swirl in me.  
I finally knew  
I had a destiny.  
It's my life with you,  
My life with you!

I remember all the pain  
I felt because I knew  
The life that filled my dreams  
Had to, but wouldn't, come true.  
But now I know if I  
Could take my past and undo  
One moment, then I'd miss  
The moment I met you.

A dark, stormy sea once tossed  
In me and made me feel lost.  
But now I'm calm, the way  
A lake looks at break of day.

Your love gave me peace inside.  
It acted like my guide  
And calmed the swirl in me.  
I finally knew  
I had a destiny.  
It's my life with you,  
My life with you!
